

The Unconditional Freeness of the Gospel - Thomas Erskine

The Unconditional Freeness of the Gospel
Thomas Erskine

This is a work of theology which addresses a seeming contradiction in Christian thought: that love and forgiveness are freely offered to all, but they cannot be accepted without a major change in the receiver's heart. Along the way, the author explains what he believes justification to be--not a judicial act of God, but rather a description of the state of the believer. He also goes into detail on why our pride makes it difficult to accept God's love. - Summary by Devorah Allen
